

Norman Agutters

It means a great deal to our unique team that we are dedicated enough and care to continue this trade. Game fishing should always be as it always has been, a joy to participate in. We could never fulfil worldwide demand for these products, but the few items we make in our life-time will be part of English Heritage. Items of beauty and feel that will be present for others to enjoy in future generations to come.

Please note that all the prices in this catalogue are excluding VAT which will be added at "checkout".

RODS

TROUT RODS

Our Trout Fly Rod collection is second to none. We have an amazing array of tapers and actions to accommodate any casting style and technique. We pride ourselves as being the best in our field.

1. Trout Rods – Valhalla

The most exclusive handmade game fly rods in the world, made to individual clients' requirements. They are the fly fisher's dream and a further tribute to British excellence.

Please note VAT has not been included in these prices and will be added at checkout.

Personalisation available. If additional tip section is required, this will add 60% to the price.

Rod Blanks

The blank is a pole that forms the core of the rod. Rod blanks are purchased from any one of a number of suppliers. Selection of the appropriate rod blank consists of choosing the weight, length, number of sections and action.

Additional tip section may be purchased for an extra cost of 60%. Impregnated wood is also available at an additional cost (viewable on our website). Prices below do not include VAT.

Spinning Rods

Spinning Rods are used for casting lures. Traditionally they have been used when lure fishing for predators, and as such they tend to be shorter than the average rod you'll see on the bank, usually between 6 and 10ft. The depth of the lure is controlled by the speed of the retrieve.

An extra tip section can be purchased for an additional 60%. Prices below do not include VAT which will be added at checkout.

COARSE RODS

In the United Kingdom and Ireland, coarse fishing refers to angling for freshwater fish which are traditionally considered undesirable as a food or game fish. Check out our range of Coarse Rods below. Please note prices do not include VAT which will be added at checkout.

Additional tip sections can be purchased for an extra 60%.

ROD REPAIRS

At Norman Agutters we can help you with repairs to those treasured rods. We have in our Library virtually every rod specification of Built Cane Manufacturers in the United Kindom and around 50 percent of Famous American Rodmakers. If we do not have a certain make it is not a problem, as we can normally calculate a specification from the remaining pieces.

This includes the tapers of a rod and the rod guide spacings. The best time to send us rods for repair is at the end of a season, ready for the next. But you can send and instruct us to repair a Cane rod at anytime.

We do ask customers to send payment with the rod for a repair. Below are our standard charges, also a customer repair feed back form for an actual price if our standard prices do not include your requirements. As a guide here are some of the most popular makes we repair. Agutters, Hardy, Leonard, Garrison, Constable, Partridge, Fosters, Walkers, Wulff, Paynes, Heddon, Thomas & Thomas, Pezon et Michelle, Paul Young, etc...

Our standard charge for Trout Fly Rod Rings replaced, whipped and re-varnished is £100 + VAT

The Repairs service fee is based on a standard style fly rod. This service includes the re-whipping of a rod and varnishing. Tip breakages are calculated and added to the price by way of the cost of the Built cane blank section and quality required.

The earlier you send your rod the earlier it will be completed!

Please contact us online at enquiries@norman.agutter.com for a price. please give as much information as possible to the make, length, type and number of rod rings. If possible, please send photos as these will help us estimate the cost. We will email a reply, giving you a price and where to send the item.

Terms & Conditions

When ordering on our website please remember that most of our products are bespoke and that:

"By clicking the 'Accept' button you agree to these terms and conditions. By completing and submitting the electronic order form (or proceeding through the 'checkout process') you are making an offer to purchase goods which, if accepted by us, will result in a binding contract. Neither submitting an electronic order form or completing the checkout process constitutes our acceptance of your order."

VAT

All our prices in this catalogue are exclusive of VAT which will be added to the cost at "checkout".
